(*Agelaius tricolor*)

Background

East Park Reservoir was authorized in 1907 by the federal government as a storage facility to provide irrigation waters, under the Orland Project.

East Park Reservoir is in Colusa County, California, on the west side of the Sacramento Valley, approximately 20 miles west of the town of Maxwell. The small town of Stonyford lies a few miles northwest of the reservoir, and the smaller community of Lodoga is near the southeastern corner.

Total land area around the reservoir is 2,468 acres. Total water surface is 1,820 acres.

Visitor Use Opportunities

Visitors to East Park Reservoir can enjoy camping, boating, picnicking and fishing. Camping is free of charge and is on a space availability basis. The season of use is approximately April-October. Please call the camping update hotline at 530.968.5274 to check if the park is open

Channel catfish, largemouth and smallmouth bass, bluegill and rainbow trout occupy the reservoir. Common mammals are wild pigs, coyotes, blacktail deer, tule elk, ground squirrels and black-tailed jackrabbits. Canada geese, bald eagles, a wide variety of ducks and bird species, and the special status tri-colored blackbird can be seen around the reservoir.
